

Art - SUMMER 1, WEEK 3

LO: To create original pieces that are influenced by studies of others

Lots of **artists** set up and recreate 'still life' pictures. Here are some **Painted** by **Henri Matisse**, a famous French **painter**:

What do you **like** about these **pictures**? What **objects** can you spot in them? What **colours** and **patterns** have been used? If you can, watch this video to find out a bit more about the **artist** and then try and make a poster to show what you have found out and what you like about his **still life art**:

<https://www.youtube.com/watch?v=s37OoBXkYAc&t=59s>

Set up your own **still life** picture with some fruit or some of your favourite objects at home and then have a go at **sketching** it carefully and then **colouring** it in with pencils, pens, paints or anything else you have at home.
