

Art - SUMMER 1, WEEK 5

LO: To explore ideas in a variety of ways

Many artists have created portraits over time, either self-portraits to show how they are feeling and what they are thinking at that time, or a portrait of someone else to share their thoughts and feelings about that person. Have a look at some of these examples and think about what the artists have used, what the person in the picture might be thinking/feeling and what you like/dislike about each example:

Frida Kahlo

Pablo Picasso

Paul Klee

Try and make a portrait, using found objects from around your house (and make sure you put them back afterwards!) and/or scrap materials, either of yourself or someone you know.

Try and show how that person is feeling and what they are thinking by what you include in the picture.

Can you include clues about the person's likes and dislikes within the portrait?
