

**Lesson 4**

**LO: To sketch a freeze frame image of the reunion**

**Task (with links):**

Watch this video clip called 'Replay- with English subtitles':

<https://www.literacyshed.com/replay.html>

Thinking about the sister's journey to finding her brother, create a freeze frame sketch of their reunion.

Think back to the freeze frame that you do in class, where you try to capture the emotion and expression. Try to replicate that within your freeze frame sketch.

EXT: include what the sister may be thinking or feeling around the sketch.

*Please remember this is a sketch and should **NOT** be rushed. You are going to refer to this for the next session, so try to create high level vocabulary for what Sarah thinks and feels.*

**Please remember to upload these sketches on class dojo.**
