Year 6 Transition

Your new school

Task

Now that we are in our last week of school, it is important to look forward to your new start in Secondary school.

Take a look at your new school's website or think back to your Secondary school visits.

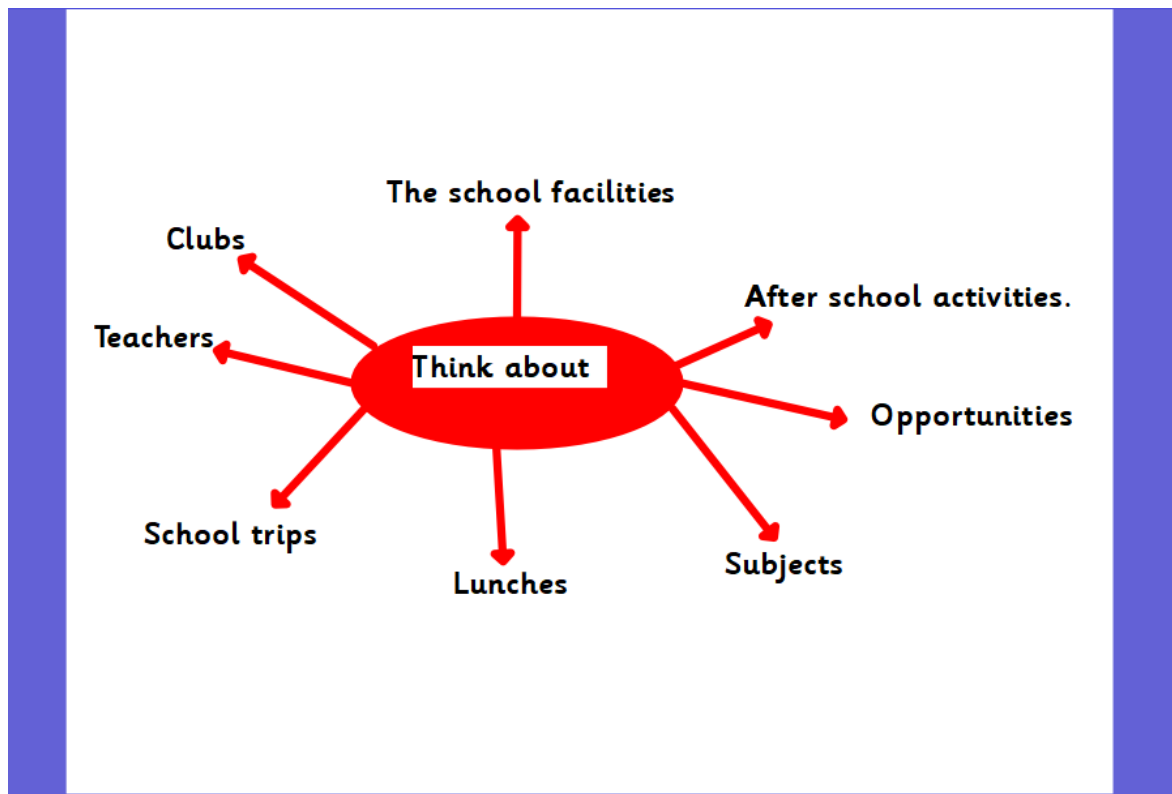

There are two ways that you can complete this task.

1. Creating an informative poster about your new school.
2. Create a poster displaying all the things which you are looking forward to in your new school.

Remember to use your schools website, information from friends and family and your first visits to the school.

I am looking forward to seeing your posters.

Why not give it a personal touch by adding a picture of yourself to the poster?

EXT: Complete some information about your secondary school, in your Transition Book.
