

Year 1 Topic Week beginning 15th June 2020

Flight

LO: To use an atlas

Can you show the route taken by birds on their migration to and from the UK?

Borka is a goose. A goose is a migratory bird. This means it travels across the world to spend half the year in a warmer country. Here are some more...

 giving nature a home **Summer migrant**

Swift

Migrates from: Africa (across the Sahara, Spain and France)

 giving nature a home **Summer migrant**

Cuckoo

Migrates from: Africa (across the Sahara, Spain and France)

 giving nature a home **Winter migrant**

Fieldfare

Migrates from: Scandinavia

 giving nature a home **Winter migrant**

Bewick's swan

Migrates from: Northern Siberia

Choose one summer migrant and one winter migrant and show their journey from the UK to another part of the world. Use the world map.

Bird migration map

Plot the route taken by the birds during their migration to the UK.

Can you label the countries, continents and oceans that the birds will cross? Will they fly over any deserts or mountain ranges? Use the hazard cards to think about any difficulties the birds might face.

The RSPB is a registered charity in England & Wales 207096, in Scotland SC039284, 2021 0020 15 86
