LO: To make equal groups (grouping)

Watch the interactive video on White Rose Home Learning

<https://whiterosemaths.com/homelearning/year-1/>

Summer Term - Week 1 (w/c 20 April)

Lesson 2 - Make equal groups (grouping)

Success Criteria:

1. Watch the video and pause it to answer the questions.

2. Look for objects in your home to make equal groups with. Represent what you have done with a bar model.

3. Represent your groups in these three ways:

rows and columns

sentences: There are groups of

bar model

4. Answer the questions on the worksheet.

Model

Grouping is easier if you make rows and columns.

How many groups of 3 are there?

There are groups of 3.

How many groups of 6 are there?

There are groups of 6.

Try and do all 4 questions

1 Here are some socks.

a) Draw lines to match the pairs of socks.

b) Complete the sentences.

There are socks altogether.

There are socks in each pair.

There are pairs of socks.

2 Here are some counters.

a) Circle groups of 2

b) Complete the sentences.

There are counters altogether.

There are equal groups of 2 counters.

3 Complete the sentences.

a)

There are counters altogether.

There are equal groups of counters.

b)

There are counters altogether.

There are equal groups of counters.

4 Use 30 counters.

a) How many equal groups of 2 can you make?
