Activity

Think about when the boy remembers that he should be helping the Martian. What do you think he is saying to the Martian?

Act it out picture by picture. Tomorrow we will be doing some writing based on this so don't do any writing today.

You could begin with something like... Oh no! I am supposed to be helping the Martian. I completely forgot!

Describe how you feel and why?

Talk about getting what you need from the cupboard and why you need it (a backpack, a spanner and some petrol).

Then say what it is you shout up to the Martian. Maybe you are sorry but promise her that you are on your way. Explain what you were doing (watching TV and eating popcorn) and that you forgot you were supposed to be helping her.

Stepping Stones Activity

Think about when the boy remembers that he should be helping the Martian. What do you think he is saying to the alien?

Act it out picture by picture. Here are some ideas of what he says below.

Oh no! I am supposed to be helping the Martian. I feel terrible!

I need a backpack, a spanner and some petrol.

I'm sorry Martian. I started watching TV and forgot to come back. I'm coming now!
