Main Activity

LO: To recognise the first person and third person

The Way Back Home is written in the **third person**. It describes what happens to the boy and the Martian.

Read through and change this retelling of the story into the **first person**. If you have time, copy it up in the first person.

Remember:

The boy/he goes to I

His goes to my

They goes to we

The boy found a plane in the cupboard. He flew up into the sky. His plane ran out of petrol and he landed on the moon. He was all alone and afraid. He met a Martian. They decided to help each other. He went to collect what they would need. The Martian helped him and he helped the Martian. They said goodbye. They were sad. They went home.

Stepping Stones Activity

The Way Back Home is written in the **third person**. It describes what happens to the boy and the Martian.

Copy out these sentences changing them to the **first person**.

Remember:

He goes to I

His goes to my

So instead of saying **The boy found an aeroplane** you say **I found an aeroplane**.

He was stuck on the moon.

His plane was broken.

He was all alone.

He swam towards home.

He went home.
