Year 1 Maths
Steppingstone activity

Date: Wednesday 13.5.2020

LO: To use equal groups to find a total

Success Criteria:

- | |
|---|
| 1. Choose small objects in your house |
| 2. Make equal groups with small objects |
| 3. Record one number sentence |

Model

You could begin by linking this to real life, for example animal legs, wheels, flowers in vases etc.
Use objects in your house to make equal groups of twos.

Number sentence to record: $2 + 2 + 2 = \underline{\quad}$

Find small objects in your homes. Make equals groups.

Year 1 Maths

Date: Wednesday 13.5.2020

LO: To use equal groups to find a total

Success Criteria:

1. Choose small objects in your house
2. Make equal groups with small objects
3. Write a number sentence for each set of equal groups (you can even draw them and record a number sentence in your books)

Model:

Use objects in your house to make equal groups.

I have used pasta.

Find small objects in your homes. Make equals groups.

Number sentence to record: $5 + 5 + 5 + 5 + 5 = \underline{\quad}$

Year 1 Maths

Main activity Complete at least 2 tasks, more if you can.

<u>Task 1</u>	<u>Task 2</u>
<p>Use objects in your house to make these equal groups.</p> <ul style="list-style-type: none"> • 4 equal groups of 3 • 5 equal groups of 2 • 6 equal groups of 3 • 7 equal groups of 4 	<p>How many wheels altogether?</p>  <div style="border: 2px solid green; padding: 5px; display: inline-block;">$2+2+2+2+2=$</div> <p>How many fingers altogether?</p>  <div style="border: 2px solid red; padding: 5px; display: inline-block;">$5+5+5=$</div>

Task 3

How many apples are there? Complete the sentences.

$5 + 5 + 5 + 5 = \underline{\quad}$

There are apples.

There are groups of apples which is equal to

Task 4

How many fish are there?
Complete the sentences.

$\underline{\quad} + \underline{\quad} + \underline{\quad} = \underline{\quad}$

There are fish.

Canonbury Home Learning
Please scroll down for another task.

How many candles are there?

$$\square + \square + \square = \square$$

There are candles.

Use counters to show the equal groups.

Complete the number sentences.

a) $2 + 2 + 2 =$

b) $5 + 5 + 5 + 5 =$

There are 7 equal groups of 5 counters.

How many counters are there altogether?

There are counters altogether.

Instead of using counters to show equal groups you can use Lego blocks, any other small objects or draw.
