Canonbury Home Learning

Year 1 Maths

Steppingstone activity

Date: Wednesday 20.5.2020

LO: To start with a given total and make equal groups from it

Success Criteria:

1. Find or draw an even number of objects.
2. Group the objects in equal groups of 2.
3. If it is a drawing, circle each group. With real objects, arrange them in groups.

Model

How many groups of 2 can be made with 4 bats?

Think about this question:

Have I got equal groups? How do I know?

Year 1 Maths

Date: Wednesday 20.5.2020
LO: To start with a given total and make groups of an equal amount

Success Criteria:

| |
|---|
| 1. Find a group of objects or draw them. Experiment with groups of between 10 and 20 objects. |
| 2. Make equal groups of 2 from your objects. Arrange them in groups or circle the drawings. Can it always be done? |
| 3. How many groups of 2 did you make? |
| 4. Make equal groups of 5 from your objects. Which numbers can it be done with? How many groups did you make? |

Model:

How many groups of 5 can be made with 15 elephants?

Think about these questions: have I got equal groups? How do you know? Does each group need to be arranged in the same way for it to be equal?

Canonbury Home Learning

Year 1 Maths

Main activity Complete at least 2 tasks, more if you can.

| **Task 1**	**Task 2**
Find objects in your home. Group them in equal groups of 2. Think about how many equal groups you can make. **example**	Put the flowers into **groups of 2**. **How many groups** can you make? Put the balls into **groups of 2**. **How many groups** can you make?

Task 3	Task 4

Task 3

Put the suns into **groups of** 5.

How many groups can you make?

Put the pigs into **groups of** 2.

How many groups are there?

Put the elephants into **groups of** 5.

**How many groups** can you make?

Task 4

Put the sheep into **groups of** 2.

How many groups can you make?

Put the pigs into **groups of** 2.

How many groups are there?

How many groups of 2 can you make for each amount?

How many groups of 2 can you make for each amount?
