

YEAR 4

SUMMER TERM TOPIC

FASHION – TASK 9

Hello Year 4,

This week you are going to start making! Hopefully you designed an outfit inspired by both nature and one of the designers that you looked at a few weeks ago.

If you haven't done a design yet, it's not too late. Look back at Task 8 which is in Summer 2 Week 3.

Important:

Because we cannot have a live fashion show this year, we are hoping to be able to create a digital one. More details will follow this week so keep an eye on your Class Dojo messages.

LO: To research and develop a design

This is a DESIGN AND TECHNOLOGY TASK

BIG QUESTION:

Can you identify key features of a designer's style and use these to inspire your own design?

Creating

I use my knowledge to
create new ideas.

Vocabulary: sustainability, design philosophy, social responsibility, textiles,

Task:

You now have two weeks to create your outfit.

Remember: It must be made out of recycled fabrics ONLY e.g. unwanted clothes, old bed sheets etc.

Success Criteria:

1. Follow your design but feel free to make improvements as you go.
2. Use the sewing skills that you practiced a few weeks ago but also feel free to use other methods of putting it together which work for you.
3. Remember to keep trying it on your model (which might be you) to check the fit.

For the digital fashion show:

1. Take some photos of the process of making the outfit.
2. Make some notes about how you do it as you will need this information later on and you need to remember.
3. Keep your design work.

Remember, if you have any questions about the task, you can message us on the Class Dojo.
