Some Canonbury Highlights this week

Year 2 visited the Tower of London, then walked to Pudding Lane and the Monument as part of their learning about the Great Fire of London.

Reception made soda bread as part of their art and design learning, in celebration of St. Patrick's Day.

Year 4 Orpheus and Prometheus led workshops with parents to share and explain everything they have learnt and remembered this term.

Y4 Orpheus teach parents about rivers

Science Week

Every class is enjoying a gardening session with Calvin, our gardener, this week and next as part of our Science Week learning, including sketching plants and planting seeds. Here are Year 6 Zeus class learning from Calvin's horticultural knowledge. Classes will make a booklet, poster or presentation about their experience.

From the Headteacher

It was marvellous to have parents coming into school this week for Parents Meetings. I managed to speak to many of you and everyone was pleased to be able to meet the teacher properly, see their child's classroom and work.

Thank you to parents for your understanding when we had to postpone meetings at the last moment due to teacher self-isolation. I am pleased to say that for most staff testing positive, Covid has been cold-like symptoms and they are on their way back to school.

This week, Year 5 Poseidon have been at Treginnis Farm in Wales, our first visit for 2 years, a real milestone – needless to say, the children are thriving in this life-changing experience – see our Canonbury Shepherd above! We are especially thankful for the anonymous donation we received to subsidise the trip for both Y5 and Y6 this year, especially in light of the challenges many have gone through during the pandemic.

Patrick
