

Nursery Home Learning

13.07.20-17.07.20

Literacy:

What do you want from the Summer Holidays?

Over the holidays, take lots of pictures and talk about what you do each week so you can really cherish all the time you have together. This can be a little scrapbook project where you can encourage taking lots of photos of your favourite things you do and then writing about it! Model writing what you have done that day and give them the opportunity to make marks beside pictures too.

Remember to do lots of reading together, following the words, talking about the pictures and what happened in the story!

Phonics:

Keep practising hearing initial sounds using your sound bags and baskets, building up more objects and more sounds!

Maths:

So we are ready for Reception, keep practising...

- counting to 10, maybe going up stairs or counting songs!
- being able to count objects correctly, placing one finger on each object and giving it one number name.
- remembering how many objects you counted at the end, when someone says how many? You know and don't need to recount.
- recognising some shapes and using them to build various constructions
- using mathematical language, including positional such as, under, over, next to, inside, on top etc.

Physical:

Make sure you are getting out as often as you can and getting the physical exercise you all need! Go to the park, keeping as safe as you can, and go for long walks. Make sure you engage in lots of different movements! Jumping, skipping, hopping, rolling, just keep moving 😊

Continue to practise writing your name ready for Reception, using the Read Write Inc formation sheet!

Understanding of the World:

Give your child reign of the camera this Summer! Some of the pictures they can take with a camera come out beautifully! Can they take a picture of their favourite place they go to this summer? Maybe you discover a new area of a park or you might drive to a new place as lockdown eases.

Can they take pictures of the weather and how it changes over the Summer? What about flowers and how they bloom?

Share your pictures with us!

Song

Continue to use the BBC website to practise Nursery rhymes and learn some new songs!

<https://www.bbc.co.uk/teach/school-radio/nursery-rhymes-songs-index/zhwdgwx>

Expressive Art and Design:

Have a look at this website for a mix of messy play ideas!

<https://cubkit.co.uk/2018/08/02/30-messy-play-ideas-for-toddlers-and-preschoolers/>

<https://family.co/blog/inspiration/10-messy-play-ideas-for-hands-on-learning/>

Hopefully these will keep you busy over the Summer and you can engage in lots of talk about texture, colour and what your child is doing. They love creating new things so make sure they are involved in the process of making the messy play as well as playing with it.
