

L.O. TBAT use key vocabulary in questions and answers about volcanic eruptions.

Task 1

How does living in a Volcanic region effect people?

Watch the videos about Hawaii. <https://www.bbc.co.uk/newsround/44027991> <https://www.bbc.co.uk/newsround/36922001>

1) Look carefully at the pictures and charts on the next page. What are the positives and negatives of living in Hawaii? Use the ideas below to create a chart with the headings: Positives Negatives Both

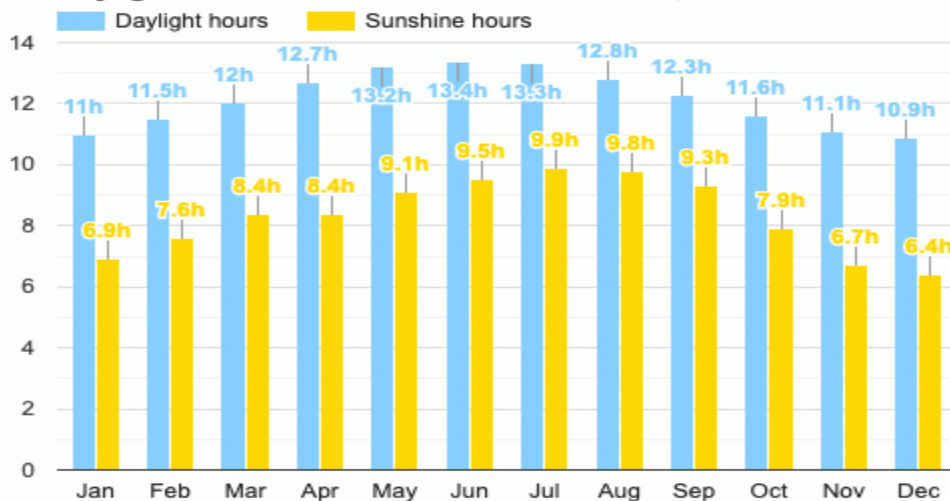

- fresh fruit and veg grown on the island
- tropical weather with lots of sunshine
- volcanic eruptions
- earthquakes
- damage to property
- beautiful beaches
- cities
- tropical forests
- lots of holiday makers

2) Create at least 5 interview questions to ask a resident of Hawaii, they must be open-ended and help to gain an understanding of life in a volcanic region.

3) Imagine you are one of the following residents of Hawaii and answer the questions you have recorded.

- a) An Eleven year old child
- b) A Farmer who lives near a volcano
- c) The mayor of Honolulu (Hawaii's biggest city)

Daylight hours / Sunshine hours - Honolulu, HI

Visitor Arrivals (by air) and Avg Annual Visitors Per Month
