

For today's reading activity, **we would like you to make your own book!** This can be about your favourite topic, subject, animal, hobby or a creative story you'd like to invent!

You could even **re-create** one of your favourite books or one we have looked at for school!

You can use pieces of paper to fold together and draw beautiful illustrations alongside your brilliant story writing. See below for some ideas.

We would love to see your books so please take pictures or a video of you reading it! **Good luck authors!** 😊
