

# prospectus

## Ideas to develop your creativity:

- Make a Canopic jar from clay or an empty bottle and decorate it with the head of an Egyptian god.
- Create a cartouche showing your name in hieroglyphs

This half term's POWER Project is:

**Be an Historian**  
**An expert in Ancient Egyptian times**

## Ideas to extend your research skills:

- ◆ Find out about the curse of Tutankhamun...
- ◆ Research what the Rosetta Stone is and what it has to do with Egypt.
- ◆ Find out what foods ancient Egyptians ate and make some to eat!

Choose an activity you would like to complete alongside your topic skills work each week. You can do them in any order and present your work however you would like.

## Ideas to explore your mathematical skills:

- ◆ Find out about how Ancient Egyptians used to count and set some maths calculations for someone else to solve!

## Ideas to explore in your locality:

<https://www.britishmuseum.org/collection/egypt>

Visit the British Museum online (as it is not open) and explore the different collections on their website. When it is open again, you can go and see the artefacts in real life!
