

## **Big Question: How do we know so much about Ancient Egypt?**

LO: To understand our knowledge of the past is constructed from a range of sources.

**RECAP:** Think back to what we learned about the prehistoric remains in Britain: Stone Age, Bronze Age and Iron Age.

If you can, start by watching these clips about Ancient Egypt: <https://www.bbc.co.uk/bitesize/topics/zg87xnb/articles/zr7qy9q/>  
<https://www.bbc.co.uk/bitesize/clips/zb4kjxs>

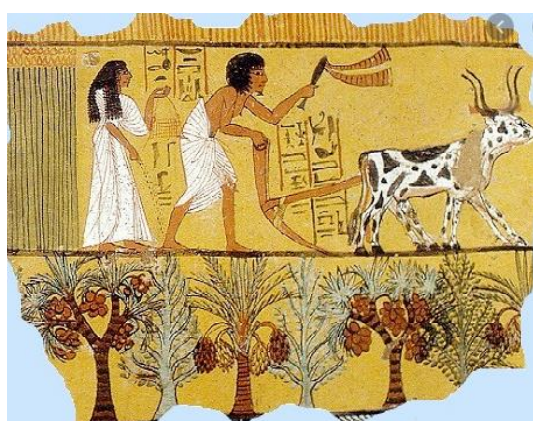

We know about things that humans have done in the past because of the evidence they have left behind. We can find their objects and work out what they were made from, how they were used and how old they are.

### **Task**

Look at these pictures and objects.

Try to work out what they might be made from, what they were used for and if you use anything similar in modern life.

What does each image tell you about Ancient Egyptians?

If you are not sure, some of these labels might help you:

bed	mummified pet	bread making	sandal	musical instruments
make-up pots	board game	fashion	farming	jar

**Extra challenge:**

Think of objects that are important to help you enjoy or survive modern life.

Did Ancient Egyptians have their own version of the objects you need?

Research to find their equivalents.
